

## CUSTER SPORTSMENS CLUB 22PRS STEEL USE POLICY

Must be signed off by Discipline Chair (Just as back range access). Once signed off, the shooter will be given the combination to the lock on the shed, as well as description of how to place targets for safety.

All Steel to be used must be Custer Owned Steel taken from the Locked .22PRS Shed.

When Practicing (Authorized 22PRS Practice in Progress) Sign must be placed out to be seen)\*\*  
The sign will be placed in the .22PRS steel shed and placed out when practicing.

All shooters shooting the steel must only use .22 LR (ONLY). NO .22 MAG, 17.HMR, etc.

All Targets must be placed in accordance with .22 PRS Discipline Rules. **We will not allow shooting at the left berm or the concrete wall during practice. Only using the north berms is allowed.**

Shooter that is practicing with steel will be responsible for steel while it is out. They must police other shooters and let them know they are not to be shot with anything but .22LR

When completed, pick up steel and put away, and lock the shed.

\*\*Sign to made that can be placed out on the sandwich board, and in front of the 200-yard line.
